Dorothy Stewart Scholarship

President Pam Raider had a conversation with Brown County Community Foundation CEO Bob Kirlin last month. He requested that the Foundation be allowed to award the Dorothy Stewart Scholarship grant for 2013. Some will recall that Dorothy Stewart was the first president of the League of Women Voters of Brown County.

Apparently, the Foundation has some board members willing to put money in to get the scholarship up. It is at \$300 now. We have until June 2013 to add to the scholarship and that can be done directly to the Foundation without giving it to the League endowment.

President Raider agreed to Bob Kirlin's request.
